

**National Dredging Quality Management
Program**
U.S. Army Corps of Engineers
01/16/18
CERTIFIED

National Dredging Quality Management Program (DQM)

This letter serves to certify that the dredge **Kelly L** has satisfactorily met the Pipeline Dredge DQM Contract Specifications.

Quality Assurance checks were performed on the **Kelly L** by representatives of the U.S. Army Corps of Engineers National DQM Center on **January 16, 2018**. The dredge satisfactorily met these specifications and the results of these checks were documented in the National DQM Center **Kelly L** quality assurance report issued on **January 26, 2018**.

This certification will expire at the end of one year on **January 16, 2019**. Additional quality assurance and sensor log performance checks during subsequent contracts will provide the basis for continued confidence in the dredge data. If the dredge undergoes any major overhauls or changes to the sensor or computer system, this certificate is voided.
